

SAVE OUR FOOD BOWL, WATER & TOURISM STATE RALLY AND MARCH

We would love your help to stop proposed invasive gas and mining projects on our farmland and in our ocean that pose a major threat to our clean water, soil and air, affecting our agricultural, marine and tourism industries.

Saturday 2 August 2014

9.45am GATHER at Parliament House

10.00am START RALLY

10.20am MARCH to Victoria Square

(There will be some brief speeches at Parliament House and Victoria Square)

We strongly urge everyone in rural areas as well as our city friends to come and join us.

The Adelaide City Council will provide parking for any farm machinery, e.g. tractors and trucks. *But please* let Anne Daw annedaw@bigpond.com know if you can bring any farm machinery, so that provisions for parking can be made with the Adelaide City Council.

Please feel free to bring a picnic lunch to Victoria Square at conclusion of march.

The march and rally will be orderly, law abiding and peaceful.
